The Last Success Principle J.D. Bloodstone

Almost eight years in the making, this book is a compilation of J.D. Bloodstone's previous three books: Think & Grow Balls!, Awaken the Balls Within, and The 10 Habits of Highly Ballsy People. . . only now they have been completely rewritten to make a heartfelt and serious addition to the worldwide self-improvement movement. J.D.'s poignant message is the same in this version; however, only now it's more effective, as the combined books as a whole have synergy that is more powerful than the sum of the individual books. Many other changes have been made to this compilation edition - some major and some minor - such as numerous edits and formatting suggestions made by readers. Hopefully, these changes will help this body of work make it into the hands of more people who can be helped by J.D.'s message of courage, willpower, positivity, and taking action toward positive personal change. This book contains many new concepts and ideas that will help you discover the last success principle.
