Paradise Found, the Cradle of the Human Race at the North Pole: A Study of the Prehistoric (Classic Reprint) William F. Warren

Excerpt from Paradise Found, the Cradle of the Human Race at the North Pole: A Study of the Prehistoric

This book is not the work of a dreamer. Neither has it proceeded from a love of learned paradox. Nor yet is it a cunningly devised fable aimed at particular tendencies in current science, philosophy, or religion. It is a thoroughly serious and sincere attempt to present what is to the author's mind the true and final solution of one of the greatest and most fascinating of all problems connected with the history of mankind.

That this true solution has not been furnished before is not strange. The suggestion that primitive Eden was at the Arctic Pole seems at first sight the most incredible of all wild and willful paradoxes. And it is only within the lifetime of our own generation that the progress of geological discovery has relieved the hypothesis of fatal antecedent improbability.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
