Solved Problems in Lagrangian and Hamiltonian Mechanics (Grenoble Sciences)

Claude Gignoux, Bernard Silvestre-Brac

Solved Problems in Lagrangian and Hamiltonian Mechanics (Grenoble Sciences) Claude Gignoux, Bernard Silvestre-Brac

The aim of this work is to bridge the gap between the well-known Newtonian mechanics and the studies on chaos, ordinarily reserved to experts. Several topics are treated: Lagrangian, Hamiltonian and Jacobi formalisms, studies of integrable and quasi-integrable systems. The chapter devoted to chaos also enables a simple presentation of the KAM theorem. All the important notions are recalled in summaries of the lectures. They are illustrated by many original problems, stemming from real-life situations, the solutions of which are worked out in great detail for the benefit of the reader.

This book will be of interest to undergraduate students as well as others whose work involves mechanics, physics and engineering in general.

From reader reviews:

Joyce Adam:

Do you have favorite book? Should you have, what is your favorite's book? Publication is very important thing for us to understand everything in the world. Each book has different aim or maybe goal; it means that e-book has different type. Some people feel enjoy to spend their time for you to read a book. These are reading whatever they consider because their hobby is definitely reading a book. Why not the person who don't like reading through a book? Sometime, individual feel need book whenever they found difficult problem or perhaps exercise. Well, probably you should have this Solved Problems in Lagrangian and Hamiltonian Mechanics (Grenoble Sciences).

Robert Rascoe:

Have you spare time to get a day? What do you do when you have a lot more or little spare time? That's why, you can choose the suitable activity with regard to spend your time. Any person spent their particular spare time to take a go walking, shopping, or went to the actual Mall. How about open or perhaps read a book entitled Solved Problems in Lagrangian and Hamiltonian Mechanics (Grenoble Sciences)? Maybe it is for being best activity for you. You understand beside you can spend your time using your favorite's book, you can better than before. Do you agree with it has the opinion or you have additional opinion?

Pamela Postma:

This Solved Problems in Lagrangian and Hamiltonian Mechanics (Grenoble Sciences) book is simply not ordinary book, you have it then the world is in your hands. The benefit you receive by reading this book is definitely information inside this reserve incredible fresh, you will get facts which is getting deeper you read a lot of information you will get. This particular Solved Problems in Lagrangian and Hamiltonian Mechanics (Grenoble Sciences) without we understand teach the one who looking at it become critical in imagining and analyzing. Don't become worry Solved Problems in Lagrangian and Hamiltonian Mechanics (Grenoble Sciences) can bring any time you are and not make your carrier space or bookshelves' come to be full because you can have it with your lovely laptop even telephone. This Solved Problems in Lagrangian and Hamiltonian Mechanics (Grenoble Sciences) having great arrangement in word and layout, so you will not sense uninterested in reading.

Lisa Phelps:

Reading a book being new life style in this 12 months; every people loves to examine a book. When you study a book you can get a lot of benefit. When you read books, you can improve your knowledge, due to the fact book has a lot of information on it. The information that you will get depend on what types of book that you have read. If you need to get information about your review, you can read education books, but if you act like you want to entertain yourself read a fiction books, these us novel, comics, and soon. The Solved Problems in Lagrangian and Hamiltonian Mechanics (Grenoble Sciences) will give you a new experience in

reading through a book.
