## **Death in Venice and Other Stories** Thomas Mann

This superb translation of **Death in Venice** and six other stories by Thomas Mann is a tour de force, deserving to be the definitive text for English-speaking readers. These seven stories represent Mann's early writing career and a level of literary quality Mann himself despaired of ever again matching. In these stories he began to grapple with themes that were to recur throughout his work. In *Little Herr Friedemann*, a character's carefully structured way of life is suddenly threatened by an unexpected sexual passion. In *Gladius Dei*, puritanical intellect clashes with beauty. In *Tristan*, Mann presents an ironic and comic account of the tension between an artist and bourgeois society.

All seven of these stories are accomplished and memorable, but it is **Death in Venice** that truly forms the centerpiece of the collection. The themes that Mann weaves through the shorter pieces come to a climax in this stunning novella, one of the most hauntingly magnificent tales of art and self-destruction ever written.
