Both Houses of Congress have been blessed with their share of volatile anti-American misfits!

Some of the illustrious Congressional elite envision tyrants of the totalitarian left as poor misunderstood neurotics or wayward juvenile delinquents.

Still others consider an appeasement-minded pro-Communist foreign policy and no win wars as in Korea and Vietnam to be in the national interest!

Why are known Communists who vow to destroy America allowed to run for public office?

Why are known Communists who vow to destroy America allowed to be members of Congress?

Why is a Communist allowed to take the oath for the House or the Senate and swear to "support and defend the Constitution of the United States against all enemies, foreign and domestic" when, in fact, they are the enemy?

The oath of office for a Senator ends with "So help you (Representative—'me') God."

What meaning can this possibly have to a Communist who is by his very conditioning a professed atheist?

Yet, out and out Communist Party members have held and some still do hold seats in today's Congress.

Yes, some members of Congress have been and are a part of the international Communist conspiracy!

This is an unpleasant but undeniable fact!

A number of Representatives and Senators through ideology, blackmail, or sheer opportunism have allowed their names and position to be used to aid Communism through front organizations and subversive activities. Some House members boldly allowed Communist revolutionaries to use their office space.

The Red conspirators then organize activities against the best interests of the United States!

The distinguished historian Otto Scott revealed: "There are men in Congress whose staffs are in constant touch with the Soviet Embassy; there are others in Congress whose careers have been based upon close associations with Communists and Communist causes.

"For the first time in our history we see an American Congress that regards an American President as a worse enemy than an implacable foreign power that is already unloading troops and weapons on our own continent and that openly declares it seeks our defeat."

Read that again! It's unbelievable, but true!: "For the first time in our history we see an American Congress that regards an American President as a worse enemy than an implacable foreign power that is already unloading troops and weapons on our own continent and that openly declares it seeks our defeat."
