Once the Pentecostal peace witness extended throughout the movement and around the world-but was eventually muted and almost completely lost in the American Assemblies of God. This book, which is "gripping, powerful, and prophetic," says Amos Yong, tells the story of that shift. "The antiwar, Christian, pacifist sentiments of the Assemblies of God that Alexander describes . . . juxtaposed in close proximity to their pro-war and anti-pacifist passion and identification with America . . . is simply striking," comments J. Denny Weaver, in the C. Henry Smith Series Editor's Foreword. The implications, observes Cheryl Bridges Johns, Professor of Christian Formation and Discipleship, Church of God, "are worth examining by all traditions asking, 'Will our children have faith?' At the same time, mentions Harvey Cox, Hollis Professor of Religion, Harvard Divinity School, Alexander's narrative "suggests that Pentecostals may yet reclaim this invaluable element of their heritage."
