When Jade first arrived at Moorhurst College, she never imagined that the guy who helped her move in would end up being the guy she wants to be with forever. Now, seven months later, Jade and Garret are starting to talk about a future together. But the people around Jade are planting doubts in her mind, questioning her decision to be part of the Kensington family. Behind their lavish lifestyle are obligations and commitments that Garret may not be able to free himself from.

One of these obligations is something Garret never knew about. Even his father wasn't aware of what's in store for his son. And once he finds out, it seems there's nothing he can do about it.

Just when Jade and Garret thought their problems were over, this new challenge emerges. Garret learns something that could change his future forever. And Jade's future as well.

As the school year comes to a close, will Jade and Garret get the happy ending they deserve? Or will bigger forces intervene? Garret promised Jade he'd always be there for her. But can he keep his promise?
