What do Osama bin Laden, Adolph Hitler, David Koresh, Jim Jones, Gene Applewhite, and the slayers of abortion doctors all have in common? All of them based their dangerous and destructive actions, to a large extent, on a message they believed they received from God. The receipt of messages from God is known by many religions as 'spiritual gifts theology.' Expounding on concepts developed in earlier work, author Stan Lindsay analyzes the religious motives behind the dangerous behavior of some individuals and organizations, presents key indicators of psychotic entelechy, and proposes curative methods.
