The Emotions: Social, Cultural and Biological Dimensions

The Emotions: Social, Cultural and Biological Dimensions

There is much that is fascinating here. Long-established experiments and conclusions are rubbished and reinterpreted, long-established assumptions and beliefs about emotions are soundly trounced, and generally a good going-over is delivered to the whole field... it is such a blockbuster that one can only reel backwards and tell anyone studying the subject that they would be crazy not to get it' - *Self & Society*

This fascinating book overviews the psychology of the emotions in its broadest sense, tracing historical, social, cultural and biological themes and analyses. The contributors - some of the leading figures in the field - produce a new theoretical synthesis by drawing together these strands.
