## **Here is Larry Connors First Published Research In Over Three Years!**

In this just released guide, you will learn 10 strategies to trade the VIX. Five of these strategies have never been published before! Connors VIX Reversals have correctly predicted the direction of the S&P's over the past 8 1/2 years approximately 65% of the time within a 2 to 3 day period. Some of these indicators have correctly predicted the market direction nearly 70% of the time!

### **Within this book you will learn....**

The new CVR strategies taught in his manual are even better than the originals. As powerful as the original signals were, these new signals have pushed the envelop...with some performing with nearly 70% accuracy.

Trading market sentiment? As you know the VIX is one of the best ways to measure market sentiment. But, now one has ever measured and quantified the VIX the way Connors and Che do.

Trade mechanical and objectively. \$100,000 grew to over \$1.9 million in 8 1/2 years if CVR signals were traded mechanically.

Through both back testing and actual use in trading, the Connors VIX Reversals have proven to be one of the premier market timing tools for serious S&P traders, options traders, and stock traders. Put this new research to use in your trading today!
