Universal Knowledge: AWAKEN YOUR Universal KNOWLEDGE: Awaken The Secret Powers Hidden In You (Series VI Book 6) Paul Ardenes

>>>WELCOME

This book is for anyone who wants to gain knowledge about the science behind auras, chakras, the third eye, the mind and the Self. This is part of a series.

The other titles in the series are practical, less science-based, and provide exercises and activity plans that develop areas of interest.

>>>WHAT WILL BE COVERED:

In the auras book, you will quickly learn how to see auras using only two exercises. You must train your brain to SEE and to FEEL things beyond its natural organic abilities.

Once you have developed enough skills, you will progress to seeing auras around trees, flowers and inanimate objects. The more you practice, the higher the level of energies you will see. In this particular book, you will learn about the equipment used to photograph auras and you will cover the subjects studied in the whole series, with more of the science explained. To see auras, you need to readapt your vision into a different range of frequencies. This is possible with practice.

In the chakras book, you will learn how to feel and spin them. You will use some exercises and activity plans to learn how to utilize them in your everyday planning.

The third eye book gives you ample ways of using your third eye to travel beyond the physical realm. You will use this knowledge to practice remote viewing and other techniques that enable your mind to detach from your body.

The mind series provides examples of how the mind links to the rest of the bio electromagnetic fields to give you the balance that makes you feel great.

The last series is about the Self. This combines all of the other dynamics of the body to bring together the one selfness. This book is where everything converges into one simple system to use every day.

The series represents a complete system that enables you to have an eye view of all the combined forces that makes our life what it is. It also provides a solid backbone; explaining why and how these dynamics exist and are part of a complete mechanism that makes us be.

If anything else, the entire series will give you an opportunity to spend valuable personal and secret time with Your Self.

This does not happen often. Take advantage of this luxury. You deserve it and are worth it.

The author is an experienced Reiki Master, a chi gong practitioner and a psychologist. He has personal experience concerning the dynamics involved in these books. He practices the art and skills of third eye opening and travelling, mind development, chakras spinning and control on a daily basis. He has had many travel experiences beyond the physical world and in other realms and dimensions. These books are the story of his life--his autobiography—and he continuously researches each of these fields.
