Meaning in Life: The Pursuit of Love (The Irving Singer Library) (Volume 2) Irving Singer

In his widely acclaimed trilogy *The Nature of Love*, Irving Singer traced the development of the concept of love in history and literature from the Greeks to the twentieth century. In this second volume of his *Meaning in Life* trilogy, Singer returns to the subject of his earlier work, exploring a different approach. Without denying his previous emphasis on the role of imagination and creativity, in this book Singer investigates the ability of them both to make one's life meaningful. A "systematic mapping" of the various facets of love (including sexual love, love in society, and religious love), *The Pursuit of Love* is an extended essay that offers Singer's own philosophical and psychological theory of love.

Rich in insight into literature, the history of ideas, and the complexities of our being, *The Pursuit of Love* is a thought-provoking inquiry into fundamental aspects of all human relationships.
