**Handbook of Advances in Trust Research (Elgar Original Reference)** Reinhard Bachmann, Akbar Zaheer

The *Handbook of Advances in Trust Research* presents new and important developments in trust research.

The contributors are all prominent and highly respected experts in the field. Firstly, they provide a contemporary overview of the most crucial issues in current trust research including contracts, innovation and negotiation, trust and control. Thereafter, themes which have gained prominence since the original *Handbook* are considered, such as trust and the financial crisis, public trust in business, and trust and HRM. The book also explores recent theoretical advances and points the way for future research on trust.

The *Handbook* contributes to an area of key importance to business and society and will appeal to practitioners and students of organization theory, strategy, sociology, organizational psychology and economics.
