The Alchemy of Sexual Energy: Connecting to the Universe from Within Mantak Chia

Taoist techniques for replenishing our internal energy with universal cosmic energy

- Shows how to transform excess sexual energy (Ching Chi) into self-healing energy
- Presents advanced Cosmic Healing Chi Kung practices, which gather the limitless resources of Cosmic Chi for healing
- Explains how opening of the three tan tiens to the six directions allows personal consciousness to connect directly to higher sources of energy

Taoists consider our sexual energy to be the creative force that we can use to regenerate the body's internal energy, but we must learn how to harness excess sexual energy and transform it into chi, or life-force energy. When we circulate the sexual energy in the Microcosmic Orbit--a continuous energy loop that runs up the spine and down the front of the body--we transform it into self-healing energy that can be stored in the organs and the three tan tiens: energy centers in the brain, the heart center, and the lower abdomen. *The Alchemy of Sexual Energy* builds upon Microcosmic Orbit practices discussed in *Healing Light of the Tao*.

The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe. By learning to open the three tan tiens to the six directions, the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body. This energy, too, can be stored in the three tan tiens and used as needed for healing. When we learn to flow in this way with the energy of the Tao, life ceases to be a struggle.
