The Cambridge Companion to John Updike (Cambridge Companions to Literature)

The Cambridge Companion to John Updike (Cambridge Companions to Literature)

John Updike is one of the most prolific and important American authors of the contemporary period, with an acclaimed body of work that spans half a century and a source of inspiration that ranges from American exceptionalism to American popular culture. This Companion's distinguished international team of contributors addresses the major themes in Updike's writing as well as the sources of controversy that it has often provoked. They trace the ways in which historical and cultural changes in the second half of the twentieth century have shaped not only Updike's reassessment of America's heritage, but his reassessment of the literary devices by which that legacy is best portrayed. Includes a chronology and bibliography of Updike's published writings.
