One of the most original writers of a new generation was launched. His new novel, *The Snow Garden*, is a story of murder and sexual menace on a snowbound university campus. When a respected professor's wife drives to her death in an icy river, an illicit relationship between a student and his teacher threatens to come to light, and within days Atherton University is the scene of escalating speculation and intrigue. Another death emerges from the shadows, and the connections between the two accidents begin to look uncomfortably close. As in *A Density of Souls*, Christopher Rice explores the dynamic within a tightly knit group of young people haunted by sexual memories and fears and driven by obscure desires. *The Snow Garden* casts this web of friendship and passion against the backdrop of a threat that grows darker as the novel proceeds.
