## **La hojarasca (Spanish Edition)** Gabriel García Márquez

Con *La hojarasca* nació Macondo, esa población cercana a la costa atlántica colombiana que se ha convertido en uno de los grandes mitos de la literatura universal. En él transcurre la historia de un entierro imposible. Ha muerto un personaje extraño, un antiguo médico odiado por el pueblo. Un viejo coronel retirado, para cumplir una promesa, se ha empeñado en enterrarle frente a la oposición de todo el poblado y sus autoridades. Como en una tragedia griega, el viejo coronel, su hija y su nieto van a cumplir la ominosa tarea. La acción, compuesta por la descripción de los preparativos para el entierro —una media hora— y los recuerdos de un cuarto de siglo de la historia de Macondo, se narra a través de los pensamientos de estos tres personajes.
