How DO you have twins? No easy answer possible, obviously!

I dreamed about having identical twin girls ever since I was 16. 21 years ago my dream became reality. At the age of 33, I gave birth to identical twin girls and I PLANNED to have them. Twins do not run in my family but I did everything I possibly could to increase my chances of having twin girls and it worked!

Each time I tell my story to people how I planned to have twins, they are totally shocked and amazed. In this book, I tell my story how I did it. What I did eat, what I didn't eat, which supplements I took, when I had sex, how often and in what positions. I also reveal what clothes my husband wore, what my husband was not allowed to do and what my husband did do. I expose everything I did to conceive twins. You will thoroughly enjoy reading this book if you would like twins.

I've written this book with 3 goals in mind:

- 1) To help my own twin daughters having twins, if they still want twins when they are ready for children.
- 2) To help people, who would like to conceive twins, like myself, to have twins.
- 3) An "ode" to my two daughters to tell them how much they mean to me.

I hope I will help couples who would like to have twins to make it a reality, just like I did.
Good luck!
