Success: The Secret to Understanding the Importance of Morning Rituals, Self-Development and Happiness Dominic Hamilton

This book contains proven steps and strategies on how to realize your full potential as a human being and meeting your own criteria for success.

One of the things to remember about success is that it means something different to everybody. An entry-level worker may see success as rising to a top position in their company, while a top company executive could view success as being able to retire. It does not matter where you are at in your life or how you define success- this book can help you.

There are a number of secrets that will be shared in this book, all of them chosen to help you on your path to success. You will learn the characteristics of a successful person, how good mental health and happiness are critical to your success, and how morning rituals and personal development will help you along the way.

In the beginning of this book, you will be asked to write down your goals and what success looks like to you. As you read, you should keep these goals in mind. Envision how you are going to complete each of these goals and how the tips and strategies contained in this book can help you reach success, as well as your maximum potential as a human being.
