National Security for a New Era Plus NEW MySearchLab with Pearson eText -- Access Card Package (5th Edition) Donald M. Snow

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

--

Analyzes the history, evolution, and processes of national security policies

This text examines national security from two fundamental fault lines—the end of the Cold War and the 9/11 terrorist attacks—and considers how the resulting era of globalization and geopolitics guides policy. Placing this trend in conceptual and historical context and following it through military, semi-military, and non-military concerns, *National Security for a New Era* treats its subject as a nuanced and subtle phenomenon that encompasses everything from the nation to the individual.

This text is available in a variety of formats — print and digital. Check your favorite digital provider for your eText, including CourseSmart, Kindle, Nook, and more.

Learning Goals

Upon completing this book, readers will be able to:

- Understand the history and underlying concepts of American national security
- Comprehend the critical importance of the Cold War and post-Cold War developments on current national security policy
- Describe the processes of how national security policy is made and influenced
