Protestant Nonconformist Texts Volume 3: The Nineteenth Century

This volume gathers and introduces texts relating to English and Welsh Nonconformity. Through contemporary writings it provides a vivid insight into the life and thought of the Methodists, Congregationalists, Baptists, Quakers, Unitarians, and other groups that formed pieces in the diverse mosaic of the nineteenth-century chapels. Each aspect of Nonconformity has an introductory discussion, which includes a guide to the secondary literature on the subject, and each passage from a primary source is put in context.
