With family like this, who needs enemies...

There are some families that welcome newcomers with open arms, then there are the Butlers. An East End family no good girl wants to marry into...

Jo fell for Vinny Butler's good looks but when she buried her little daughter, she buried her heart as well.

Michael Butler was always the nice one, until he started running the family business. Nancy is desperate to leave, and though she would never turn her back on her children, every step they take in their father's footsteps destroys her a little more.

As the old saying goes – you keep your friends close, and your enemies closer...

But you keep your family right where you can see them.

Perfect for fans of Martina Cole.
